DBQ Practice · Contextualization

PROMPT

Evaluate the extent to which the Spanish-American War marked a turning point in U.S. foreign policy from 1890 to 1914.

Your task: Write a contextualization paragraph (3–4 sentences) that you could use to open an essay on this prompt. You may use the document on this page as a reference.

What earns the point: To earn the point, describe a broader historical context relevant to the prompt: developments before, during, or continuing after 1890–1914 (for example, industrial growth and the search for markets, or Mahan's sea-power ideas). Explain how that context connects to the topic; a single phrase or reference is not enough.

Platform of the American Anti-Imperialist League, October 1899

We hold that the policy known as imperialism is hostile to liberty and tends toward militarism, an evil from which it has been our glory to be free. We regret that it has become necessary in the land of Washington and Lincoln to reaffirm that all men, of whatever race or color, are entitled to life, liberty and the pursuit of happiness. We maintain that governments derive their just powers from the consent of the governed. We insist that the subjugation of any people is "criminal aggression" and open disloyalty to the distinctive principles of our Government.

We earnestly condemn the policy of the present National Administration in the Philippines. It seeks to extinguish the spirit of 1776 in those islands. We deplore the sacrifice of our soldiers and sailors, whose bravery deserves admiration even in an unjust war. We denounce the slaughter of the Filipinos as a needless horror. We protest against the extension of American sovereignty by Spanish methods.
