DBQ Practice · Sourcing: Point of View

PROMPT

Evaluate the extent to which World War II changed American society from 1941 to 1945.

Your task: Write 2–3 sentences explaining how the point of view of the Pittsburgh Courier, the newspaper that created the emblem in the document on this page, is relevant to an argument that answers the prompt.

What earns the point: To earn credit, explain how the creator's perspective (here, a leading African American newspaper writing for Black readers during a war against fascism) shaped the document and why that matters to your argument. Simply identifying who made it is not enough.
