DBQ Practice · Thesis

PROMPT

Evaluate the extent to which the Vietnam War changed Americans' views of the federal government from 1964 to 1975.

Your task: Write a thesis statement that responds to the prompt. You may use the document on this page as a reference.

What earns the point: To earn the point, your thesis must make a historically defensible claim and establish a line of reasoning: it should answer the question and preview the reasons you would use to support it. It must be one or more sentences in one place, not just a restatement of the prompt.

Joint Resolution of Congress (H.J. Res. 1145), the Gulf of Tonkin Resolution, passed August 7, 1964

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Congress approves and supports the determination of the President, as Commander in Chief, to take all necessary measures to repel any armed attack against the forces of the United States and to prevent further aggression.

Section 2. The United States regards as vital to its national interest and to world peace the maintenance of international peace and security in southeast Asia. Consonant with the Constitution of the United States and the Charter of the United Nations and in accordance with its obligations under the Southeast Asia Collective Defense Treaty, the United States is, therefore, prepared, as the President determines, to take all necessary steps, including the use of armed force, to assist any member or protocol state of the Southeast Asia Collective Defense Treaty requesting assistance in defense of its freedom.
