CUBA SENSATIONAL MOVE BY KENNEDY

BLOCKADE!

Ultimatum to Kruschev 'Move those missiles'

Pictured in Washington—Kennedy as he said last night: We will not prematurely or unnecessarily risk the costs of world-wide nuclear war in which even the fruits of victory would be ashes in our mouth—but neither will we shrink from that risk at any time it must be faced.

PRESIDENT KENNEDY last night announced a full-scale blockade of Cuba to stop a build-up of Russian missiles there.

He said that Cuba had been turned into an offensive base able to rocket destruction into the heart of America.

Early this morning a defence spokesman said the United States is prepared to sink Soviet ships if necessary to prevent offensive weapons from reaching Cuba.
